Thank you for supporting VPHA and Virginia’s public health!
SPEAKER BIOGRAPHIES

Welcome Speaker

Kim Baskette, PhD, CHES®
President, Virginia Public Health Association

Kim holds a MS.Ed. in Health Promotion and a PhD in Education. She has 20+ years’ experience in higher education and is an Assistant Professor and Graduate Program Director in the Department of Public Health & Healthcare Leadership at Radford University Carilion in Roanoke, VA. Kim chairs the PHHL Community Engagement and Assessment committees and serves on the Graduate Affairs Council. Within the public health field, Kim’s experience and expertise lie primarily in the promotion of health and wellness among diverse populations, particularly through the planning, implementation and evaluation of public health interventions. She is a Certified Health Education Specialist (CHES) and President of the Virginia Public Health Association.

Kim is an active member of APHA and serves as the Co-Chair of the PHEHP Learning & Professional Development committee. She also serves on the APHA Education Board and is Co-Chair of the Public Health Education and Assessment committee. Kim also serves in the community as a new member of the Junior League of Roanoke Valley and also volunteers for Feeding Southwest Virginia and Children’s Trust. Kim enjoys hiking, biking, travelling, spending time with family and friends, and going to Virginia Tech sporting events. Kim has two children, Brittany and Matthew, who are both expecting boys, Brittany and her husband at the end of September and Matt and his wife at the end of January 2024.

Keynote Speaker – Day One

Karen Shelton, MD
State Health Commissioner, Virginia Department of Health

Dr. Shelton was named state health commissioner effective May 1, 2023 by Governor Glenn Youngkin. Dr. Shelton brings to the position a wealth of experience in public health operations and policy, health care management, and in caring for patients in the public health and private health care sectors.

Dr. Shelton, a board-certified obstetrician and gynecologist, treated patients in Bristol for nearly 20 years before turning her focus to public health. Dr. Shelton first joined the Virginia Department of Health in 2016 to lead the Mount Rogers Health District, which encompasses six county health departments and two city health departments in Southwestern Virginia. As health district director, she led the health district during the opioid overdose crisis and through the COVID-19 pandemic. During the pandemic, the health district led community testing and vaccination efforts, working closely with community leaders and healthcare providers. Dr. Shelton also served as acting director for the LENOWISCO and Cumberland Plateau health districts from January to August of 2021. Dr. Shelton accepted a position with Ballad Health in 2021 as vice president and chief medical officer for Bristol Regional Medical Center and Smyth County Community Hospital.

Continued on next page.
Keynote Speaker – Day One

Karen Shelton, MD
State Health Commissioner, Virginia Department of Health

Dr. Shelton’s honors include being recognized as 2021 Bristolian of the Year by the Bristol Herald Courier newspaper for her work in managing the response to the pandemic. The United Way of Southwest Virginia also noted her work on the pandemic in awarding her its Woman of Distinction Award in 2022.

She is excited to rejoin the Virginia Department of Health and looks forward to working with agency staff and the Youngkin administration in improving the health of all Virginians, enhancing maternal and children’s health, and addressing the dual crises of behavioral health and fentanyl poisoning that affects communities across Virginia.

Dr. Shelton received her undergraduate education at Wake Forest University, and her Doctor of Medicine degree from the University of Virginia School of Medicine. She completed her obstetrics and gynecology residency at Eastern Virginia Medical School. Dr. Shelton is married and has two adult children and enjoys hiking.

Plenary Panelists – Building & Sustaining a Diverse Public Health Workforce

Jeff Stover, MPH
Chief of Staff, Virginia Department of Health

Mr. Stover is the Chief of Staff at the Virginia Department of Health (VDH). His VDH career began in 1998, serving as the program manager for various programs, including sexually transmitted diseases. During this time, Mr. Stover served as the Board Chair for the National Coalition of STD Directors. In 2017, Mr. Stover assumed the role of Operations Director for Population Health in the Office of the Commissioner, and assumed the Chief of Staff role in early 2020. Prior to joining VDH, Mr. Stover was a reproductive and occupational health research coordinator and laboratory manager at the University of Alabama at Birmingham (UAB), as well as an industrial hygiene chemist for an environmental consulting firm in Norfolk, Virginia.

Mr. Stover holds a Master’s of Public Health in Epidemiology from UAB and a bachelor’s in Environmental Health from Old Dominion University. He completed the Management Academy for Public Health at UNC-Chapel Hill in 2001/2002. He has authored/co-authored numerous peer-reviewed articles and led VDH efforts regarding the nation’s first Exposure Notifications app during the COVID pandemic. In 2013, Mr. Stover was nominated for the Centers for Disease Control and Prevention’s Charles C. Shepard Award for demonstrating excellence in science. Since 2020, he has been nominated for three Emmy’s and received three Telly Awards for his marketing work at VDH. He teaches Epidemiology for South University’s Physician’s Assistant program and is an active advisory member of Virginia Commonwealth University’s MPH program.
Plenary Panelists - Building & Sustaining a Diverse Public Health Workforce

Shanteny Jackson, BA
Executive Director, Virginia Community Health Worker Association

Shanteny Jackson is an Afro-Latina mother, wife, community advocate, and leader. As an immigrant and a young mother, Shanteny had to learn to navigate and understand the US healthcare system due to a traumatic and life-changing event. Her middle child suffered an asthmatic attack as an infant. In an effort to find resources to nourish her child to wellness, she experienced several challenges with navigating the healthcare and insurance systems. This experience, coupled with other innate passions, helped flourish her calling into the field of Human Services and Community Education. Shanteny fully embraced her role as an Advocate and Community Leader once she felt “ready” to tell her story. She was mentored by prolific women and as time went by, she gained her seasoned knowledge through lived experiences, educational opportunities, and professional knowledge.

Shanteny serves as the Executive Director of the Virginia Community Health Worker Association. She earned a B.A. in International Studies with minors in Spanish and Education from Mary Baldwin College. She also earned a Master's degree in Counseling with a concentration in Addiction and Recovery from Liberty University. Shanteny was nominated and recognized as “Persona de Poder” (Radio 1380 Poder). The Virginia Latino Advisory Board recognized her work during the Pandemic with the “Civic Engagement” award.

Shanteny continues to elevate and highlight the role identity and representation plays in communities of color, particularly in the Latino diaspora. In her essay, “The Dream & Reality of an Afro-Latina,” Shanteny explains this concept. This piece was featured in the 2021 collection of Richmond Racial Equity Essays. Robin Sharma eloquently said, “your environment influences your mindset.” Shanteny is the product of many environments, including the VCU Nonprofit Learning Point (2010), Ginter Urban Gardener Program (2018), Community Trust-building Fellowship (2019), Grace E. Harris Leadership Institute (2019), and Circles USA (2019).

Shanteny has worked hard and continues to serve her community. She volunteers at her local church. Most recently, Shanteny has been supporting initiatives addressing disparities in Maternal Health, particularly in the Latino/Hispanic population. She completed training and births as a Doula. On a more personal note, Shanteny enjoys traveling, spending time with family and friends, and sports.
Dr. Vanessa B. Sheppard is Professor and Interim Founding Dean of the VCU School of Population Health. Prior to this appointment, she served as chair of Health Behavior and Policy in the VCU School of Medicine. Dr. Sheppard is the inaugural associate director of Community Outreach Engagement and Health Disparities Research at VCU Massey Comprehensive Cancer Center. She holds the Theresa B. Thomas Memorial Chair in Cancer Prevention and Control. Prior to joining VCU, Dr. Sheppard was tenured at Georgetown University and Assistant Director for Disparities Research at the Lombardi Comprehensive Cancer Center.

Recognized by the NIH as a health equity expert, her research has been supported by the National Cancer Institute, the National Institute for Nursing Research, the American Cancer Society, Susan G. Komen, Inc., and other entities. In 2023, Dr. Sheppard was named the American Cancer Society's Researcher of the Year. This prestigious award recognized her outstanding contributions to cancer research, advocacy, and policy and her commitment to improving cancer care for patients and families. She is currently PI and MPI on awards focused on enhancing cancer care delivery and access to clinical research for populations typically underrepresented in cancer clinical research. Her novel interventions have been the first to address disparities in uptake and adherence to adjuvant systemic therapy and hereditary cancer care for Black and Latine populations.

As a scientist committed to impacting workforce diversity, she leads and has co-led initiatives funded by the National Science Foundation and the National Cancer Institute. Her administrative contributions include significant increases in institutional research funding, founding the Office of Health Equity and Disparities Research, developing the Massey Office of Community Engagement, and founding VCU's School of Population Health to address gaps in Virginia's public and population health workforce.
Chris Chanyasulkit, PhD, MPH is a public health practitioner, advocate, keynote speaker, and master connector. As President of the American Public Health Association (APHA), Dr. Chanyasulkit is grounded in a strong belief in eliminating the structural barriers to equity for historically marginalized populations. Chris holds leadership positions with local, state, and national governance, and civic engagement organizations whose work promotes racial, gender, and health equity.

Dr. Chanyasulkit is the author of Successful Public Health Advocacy: Lessons Learned from Massachusetts Legislators. Her signature ability to engage with a diverse range of audiences has made her a highly regarded speaker for students, educators, public health professionals, civic organizations, and general audiences across the country. In addition to her advocacy and scholarly pursuits, Dr. Chanyasulkit is an elected Library Trustee of the Public Libraries of Brookline, a Brookline Community Emergency Response Team member, and a Brookline Medical Reserve Corps member. She is also a board member of United for Libraries, a division of the American Library Association.

Dr. Chanyasulkit has a bachelor's degree in Biology and Art History from Boston University and a master's degree in public health from the Boston University School of Public Health. She also holds a doctoral degree in Political Science from Northeastern University, where she conducted research on health disparities. She is happiest when reading a good mystery at home with her three kids, her husband, and their two puppies in Brookline, Massachusetts.

Marco S. Thomas is a Northside RVA native, father, G-Pa, and proud graduate of the Richmond Public Schools system (Go JM). Holding a BA degree in Sociology from Virginia State University (VSU) and a Masters in Nonprofit Studies from the University of Richmond, Marco serves as the Regional CHW Coalition Convener for Richmond Henrico Health Districts (RHHD). In addition to being a Certified Community Health Worker, Marco is also a CHW Ambassador with Va. Community Health Worker Association, a CHW instructor for RHHD and CHW Strength, and Chair of CHW Strength Foundation's Board of Directors. He also serves on University of Richmond's School of Professional and Continuing Studies Alumni Association and the Board of Directors for Side by Side, an organization geared towards providing support for Richmond's LGBTQ youth and young adults. Marco is a survivor of gun violence and Police Injustice, with training in conflict resolution and trauma healing through Richmond Peace Education Center. When he's not advocating for the CHW workforce, Marco facilitates The Bible Book Club, a space dedicated to fostering a passion for reading and understanding the books of the Bible.
Meagan Helmick, PhD, MPH, CHES®
Director, Mount Rogers Health District

Meagan Helmick, PhD, MPH, CHES® currently serves as the health director for the Mount Rogers Health District. Dr. Helmick has worked in public health for the last 12 years. Previously she served as the deputy regional epidemiologist for the southwest region within VDH, as well as an assistant professor of Public Health at Radford University Carilion and currently serves as an adjunct professor for the public health program at Old Dominion University.

Meagan holds a PhD in Health Promotion and Disease Prevention Research from the University of Nebraska Medical Center, as well as a BS in Health Promotion and an MPH in Community Nutrition from Liberty University. She is also a Certified Health Education Specialist. Meagan has lived in the Twin Counties full-time since 2016 but has been a part time resident for the last 11 years. She is active in various non-profits in the area, including the Free Clinic of the Twin Counties, Twin County Community Foundation, One Care of Southwest Virginia, Grayson LandCare, and the Medical Reserve Corps.

Noelle Bisselle, MD
Director, New River Health District

Noelle has been the director of the New River Health District, which encompasses the counties of Floyd, Pulaski, Montgomery and Giles, as well as the city of Radford in southwest Virginia, since February, 2017. She is also the medical consultant for Cumberland Plateau (counties of Buchanan, Tazewell, Dickenson and Russell); and Lenowisco (counties of Lee, Scott and Wise, and the city of Norton) Health Districts. She oversees public health services in the New River Valley, including environmental health (restaurant inspections/permitting, well and septic permitting, rabies investigations), nursing (family planning and sexual health clinics, baby care, resource mothers, immunizations, long-term care screenings), WIC, epidemiology surveillance and investigations of communicable diseases, emergency preparedness and response, and population health outreach/education. The health department partners with other safety net providers to provide services to our most vulnerable populations, and is currently working as part of a regional effort to address the substance use and overdose crisis.

Noelle was born and raised in the Baltimore area. She received her B.S. in electrical engineering from Johns Hopkins University and her M.D. from University of Maryland School of Medicine. She is board certified in internal medicine. She served 4 years in the United States Navy as a flight surgeon. Prior to public health, Noelle practiced inpatient and outpatient medicine as well as college health. She is married and has four children. Noelle and her family have lived in the New River Valley for 20 years and currently reside in Blacksburg.
BREAKOUT PRESENTERS

Day One

COVID-19 Vaccine Hesitancy Continues in 2023: Addressing Social and Ethical Challenges with a Focus on Digital Health Literacy

Ethlyn McQueen-Gibson, DNP, MSN, RN-BC
Adjunct Associate Professor, Eastern Virginia School of Medicine
Glennan Center for Geriatrics & Gerontology
Adjunct Assistant Professor, Norfolk State University School of Nursing
Adjunct Professor, Old Dominion University School of Nursing

Jessica J. Meadows, MPH
Program Coordinator
Community Health and Research Division | Department of Pediatrics
Eastern Virginia Medical School

Racial Disparities Persist for Breast Cancer Patients in Virginia: Outcomes from a Seven-Year Retrospective Cohort

Caleigh Smith, BS
MD Candidate
University of Virginia School of Medicine

Removing Barriers to Participation in the Virginia Cooperative Extension Diabetes Prevention Program through the Action of Community Health Workers: Process and Preliminary Outcomes

Carlin Rafie, PhD, RD
Assistant Professor and Extension Specialist
Virginia Cooperative Extension
Virginia Tech

Tammy Oakes, CCHW
Virginia Cooperative Extension
Virginia Tech

Jackie Green-August, CCHW
Virginia Cooperative Extension
Virginia Tech
Leveraging Cooperative Extension’s Reach into Rural Communities to Serve as Trusted Messengers on Adult Vaccine Education

Sophie Wenzel, MPH, DrPH, CPH
Assistant Professor of Practice
Associate Director, Center for Public Health Practice and Research
Department of Population Health Sciences

Tiffany Freer, MEd, MS
Health Extension Specialist
Virginia Cooperative Extension
Virginia State University

Attitudes and Perceptions Among Healthcare Practitioners in Virginia Towards the COVID-19 Vaccine: A Comparative Study Across Two Points in Time

Isabel (Bel) Kelly-Russo, MSc
Program Associate
Institute for Public Health Innovation

Rebecca Epstein, MSW
Senior Program Manager
Institute for Public Health Innovation

Kim Baskette, PhD, CHES®
Assistant Professor and Graduate Program Director
Radford University Carilion

Drinking Water Access, Quality, and Associated Health Outcomes in Appalachian Virginia

Alasdair Cohen, PhD MPH MSc
Assistant Professor of Environmental Epidemiology
Department of Population Health Sciences
Affiliate Faculty - Department of Civil & Environmental Engineering
Virginia Tech
BREAKOUT PRESENTERS

Day One

**Self-Care and Wellness for Public Health Professionals**

Stacey B. Plichta, ScD, CPH, iHeLa
Professor, Health Policy and Management
Director, PhD Program in Community Health and Health Policy
CUNY Graduate School of Public Health and Health Policy

Day Two

**Characteristics of Clients of CHWs in an Urban Setting in Virginia**

Shanteny Jackson, BA
Executive Director
Virginia Community Health Worker Association

Iyabo Obasanjo, PhD, Epidemiology
Associate Professor of Public Health
Director, Health Equity Lab
College of William and Mary

Stephanie Carrington,
President and Sr. CHW
Virginia Community Health Worker Association

**Promoting Community–Research Partnerships Through a Small Grants Program: Processes and Lessons Learned**

Sophie Wenzel, MPH, DrPH, CPH
Assistant Professor of Practice
Associate Director, Center for Public Health Practice and Research
Department of Population Health Sciences
Virginia Tech

**VPHA Speed Mentoring Session**

Anna Ryan Robertson, MS, EQL
Director of Health Initiatives

Stacey B. Plichta, ScD, CPH, iHeLa
Professor, Health Policy and Management
Director, PhD Program in Community Health and Health Policy
CUNY Graduate School of Public Health and Health Policy

*Continued on next page.*
BREAKOUT PRESENTERS

Day Two

**VPHA Speed Mentoring Session - continued**

**Jami Hinton, DHSc, MPH**
Program Administrator
M. Foscue Brock Institute for Community & Global Health

**Marilyn Goss Haskell, DVM, MPH**
Veterinary Epidemiologist - Public Health Consultant,
MGH Innovative One Health Solutions

**Ashley Tharpe, MA, MPH, MSHS, EdD, CHES®**
Online Chair, School of Business
Liberty University

**Samantha Leigh, MPH, MA**
Director of Practicum
Liberty University
