Dear Colleague,

The Virginia Public Health Association is a 501(c)(3) non-profit organization dedicated to improving the health of all Virginians. Founded in 1950, VPHA's mission is to strengthen public health practice, foster health equity, and promote sound public health policy. It is a proud affiliate of the American Public Health Association.

Our Annual Conference will take place on September 21 and September 22, 2023, at Reynolds Community College Parham Road Campus in Richmond, Virginia. Our theme is ***"Reimagining the Future of Public Health in Virginia: Equity, Community, and Sustainability."***

We are aiming to raise substantial funds for this celebration of public health, and we need your help. As a valued public health partner, we ask that your organization sponsor this important event.

Participating as a sponsor at VPHA's 2023 Annual Conference will provide you with a forum to share information about your work with 150+ public health professionals and students from across the Commonwealth. **You will also hear from state and national public health leaders - including Dr. Chris Chanyasulkit, President of the American Public Health Association, and Dr. Karen Shelton, State Health Commissioner.**

We value your partnership and look forward to working with you to improve the health of all Virginians.

In Good Health,

Kim Baskette

President

Virginia Public Health Association
